DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

2. Claim 11 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claim 11, lines 12-15, the phrase, "said coupling section is inserted into a card accommodation for accommodating said card in the inserting direction of said card to enter into a groove, said groove being formed to astride a cable connecting section having an inserting opening for inserting said terminal of said cable end said card accommodation" is unclear.

Allowable Subject Matter

4. Claims 1-10 are allowed.
5. The following is an examiner's statement of reasons for allowance:

For claims 1 and 4, applicant's remark on page 5, line 20 to page 7, line 20 of Amendment filed on 06/12/2003 overcomes to the rejection of claims 1 and 4. In addition, the claims 1, 4 limitations including at least a capability to pinch the electrode pad between a plurality of forks in the first connecting section and a second connecting section for electrically connecting with an electrode of a card by contacting a single side of the card is not taught by Seto or suggested by other prior art of record. Claim 1, line

7, claim 4, line 6 "single side" limitation together with arguments limits claims to "only single side of card " engagement hence avoid Seto two side engagement of card 10.

Seto among other difference does not disclose all limitations of claims 1 and 4 as discussed above, therefore does not meet claims 1 and 4 limitations which are basic to the invention. Nor would inclusion of such feature be an obvious change.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Arguments presented are not permitted to the above rejection of claim 11.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
